

There is only one official name for the Federation *Manta Ray*-class new fast cruiser, that being NCC-1667 *Manta Ray* herself.

This is due to her being built as a “one-off” replacement for a lost CF fast cruiser, at least in the official SFU history and naming list:  
([http://www.starfleetgames.com/documents/Starship\\_Name\\_Registry.pdf](http://www.starfleetgames.com/documents/Starship_Name_Registry.pdf)).

However, in the real world some folks buy more than one NCF mini.

We offer the following suggestions for names we think Starfleet would have used, had they built additional NCFs:

NCC-1676 *Orca*

NCC-1677 *Sailfish*

NCC-1678 *Marlin*

NCC-1679 *Tunny*

NCC-1680 *Bonfish*

NCC-1681 *Tarpon*

These use fast fish of Earth’s oceans as the theme.

The names you choose for your custom-printed decals are your decision. This list is presented just as food for thought.
